Dear Domenick:

It was great to see you after so many years! I guess DJs and Events Planners never quite leave the business, do they?

I wanted to thank you so much for the awesome job you did with our Father/Daughter Dance. Parents are still contacting me saying how great it was, and many are particularly complimentary of you and the way you kept everyone on the dance floor. Once again, you made me look good, and I really appreciate it.

Thanks so much. I'm sure I'll be in touch again in the near future.

Sincerely,
