TOTEM LIGHTING

SOUND LIGHTING VIDEO

We can customize anything to set the mood you desire. This Classy lighting system is ideal for those looking to add some pizzazz to their event without being over bearing and breaking the budget! This package is uniquely different! The truss are positioned as "Totems" may be placed right and left of the DJ table or even right and left of the head table. They may be placed at the corners of the dance floor, stage or corners of the room. This may also be set up to highlight a "GRAND ENTRANCE".

The **PLATINUM** package is "The Ultimate WOW"! This package has all the wonderful elements of the "SILVER" package with a Scrim stretched between for showing music videos, video montage, ambient effect videos and even custom monogram or logo. This is a total custom package with unlimited potential

The possibilities are unlimited!
