

Schools & Colleges

DJ Sound & Lighting Inc.

EXPERIENCE:

Since 1983 DJ Sound & Lighting, Inc. has been providing schools and colleges throughout the tri-state area with thundering sound systems, the most dazzling light shows and disc jockeys with the right personality for any event. DJ Sound & Lighting, Inc. is a full-time DJ service not just a one outfit weekend hobby.

SOUND SYSTEMS:

We operate with the very top of the line professional sound amplification equipment. In fact it is the same type of equipment that we use for nightclub and bar installations, as well as production set-ups. We realize that to have the best sound, you need equipment that is capable of providing it, night in and night out.

LIGHTING SYSTEMS:

DJ Sound & Lighting, Inc. has the the most advanced and unique light shows that anyone has to offer. We offer five different and custom packages to accommodate any size, group and budget. Our lights will fill any room with a dazzling array of light. We will also customize a package for your special requirements.

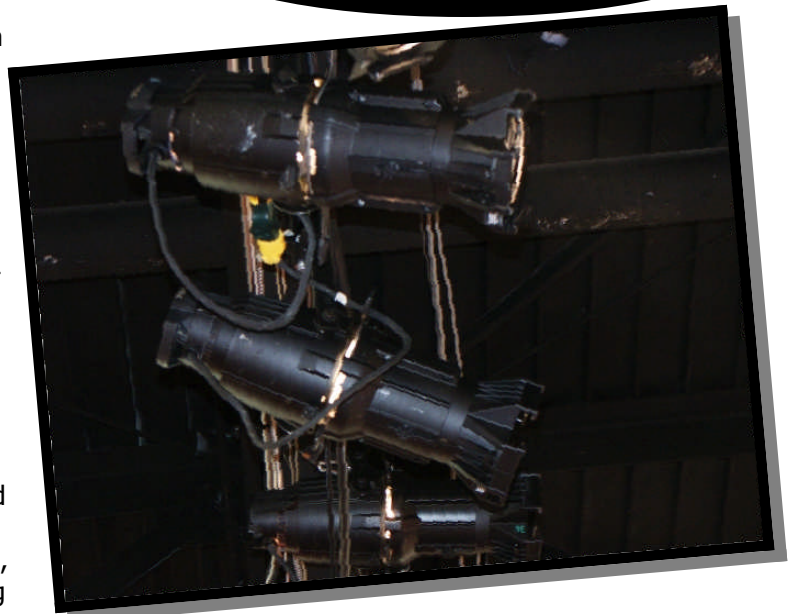

MUSIC SELECTION:

Our massive library and resources allow us to play all types of music. When you contract with us for your event, we provide you with our "Party Sheets" that allow you to choose the type and style of music best suited for your group. Click on our logo to the right for a detailed list of music. Unlike our competitors, we always encourage and play your requests!

PERSONALITY:

Our disc jockeys are the very best party motivators you can find. Different DJ's can play the exact same song on the exact same equipment, but; they make the difference with their personality, with their voice, and with their enthusiasm that goes along with that.
